

ADVANCED DIPLOMA IN EXPORT TRADE FINANCE

The advanced Diploma in International Trade Programmes was designed as a professional qualification to recognize competence for international trade and finance practitioners. It will enable the students to demonstrate practical knowledge and understanding of complex issues relating to international trade products. It is ideal for people who are new to export, as well as experienced export companies because it will provide successful experts with a thorough grounding in the key areas of foreign trade.

The basic objective of this course is to provide to the African nations with a steady stream of competent men and women with the necessary knowledge, skills and foundations for acquiring a wide range of rewarding careers into the rapidly expanding world of Import & Export Management. It is designed to provide all the knowledge, tools and techniques necessary to manage all the technical aspects related to foreign trade
